A teacup is placed on a traditional gilders wheel and hand-finished with 22-carat liquid gold before a final firing in the kiln.

The painted chinaware is fired in the kiln at 780°C and left to cool naturally. Each piece of chinaware is then inspected by hand before being packaged.

The official range of commemorative china to mark the forthcoming Platinum Jubilee of Her Majesty The Queen in 2022, including a teacup and saucer, side plate, tankard, mug and pillbox. Each piece of English fine bone china is made by hand in potteries in Stoke-on-Trent using methods unchanged for 250 years.
